Call for Proposals
2012 College of Education Graduate Research Day

Graduate Research Day showcases research being conducted by our graduate students. All College of Education graduate students are invited to submit a proposal to present a poster of an original research study for Tuesday, March 13, 2012. Poster presentations are a graphic showcase of completed or in-progress research. The poster presentations will be held in the Benjamin Building, with poster displays in two sessions, AM and PM. Each presenter is expected to stand by his or her poster to engage in discussion with audience members. This format is especially well suited for presentations of term papers and projects, developing research projects, and research proposals.

Proposal Details:

• Title
• Two-sentence summary of your poster (to be included in the Poster Presentation program)
• Abstract of 200-350 words (to be used by the Proposal Review Committee)
• Applicants will be notified of decisions on March 2, 2012

The deadline to submit proposals is February 20, 2012 by Noon. No late submissions will be accepted.

To be considered for review, all five elements described below must be included in the narrative:

1. Objectives or purposes of research
2. Rationale/theoretical framework
3. Methods, techniques, or modes of inquiry
4. Data sources, evidence, objects or materials
5. Results and substantiated conclusions

Visit the COE Research Website for more information and the proposal submission form:
