Faculty Update

With the holiday season upon us, the faculty reflected on the wonderful things that have been happening this semester and what they were particularly grateful for. This fall semester was a tremendous success for Dr. Espino who had two articles accepted for publication, received the College of Education's SPARC grant that will fund her research on the Maryland DREAM Act, and was elected to the Board of Directors for Gamma Sigma Alpha National Greek Academic Honor Society. Dr. Park was happy about a few things: her book, *When Diversity Drops* came, out to rave reviews, she was honored at ASHE with the Mildred Garcia Junior Exemplary Scholarship Award, and she recently heard that she received a Research and Scholarship Award! Overall, she was pleased to make steady progress on different papers and projects, and most of all, she is so happy to be working with her amazing students and fantastic colleagues! And, Dr. Griffin was grateful to see three papers come out in print this fall, to have a social science supplement on an NSF grant come through with KerryAnn O'Meara, to receive the ASHE Early Career Award, and to see so many Maryland students and colleagues represent our programs so well at ASHE. She has had a great time working with students in her fall classes, and is looking forward to the spring!

In Memory of Margaretha Lucas

We are sad to share that Dr. Margaretha Lucas, Assistant Director of the Counseling Center’s Testing and Research Unit and Associate Professor in the School of Education, Department of Counseling, Higher Education and Special Education, died of cancer on Wednesday, November 13, 2013. She was 64. While serving in multiple positions, she amassed an impressive portfolio of publications including book chapters and more than 30 peer-reviewed articles in psychology and counseling journals, and she presented her scholarship at more than 100 professional conferences and conventions in the United States and internationally.

During her 28-year career at the UMD Counseling Center, Margaretha served on numerous thesis and dissertation committees, and she was a respected and greatly admired mentor to countless graduate students including doctoral interns and advisees.

UMD Book Named 'Must Read' Before Graduation

A book by University of Maryland faculty and students has recently been recognized as one of the top 10 books every student must read before graduation. The list, compiled by students at the University of Alberta, was recently featured in The Huffington Post.

The UMD book, Leadership for a Better World, was edited by Susan Komives, professor emerita in UMD’s College of Education, and Wendy Wagner, former graduate coordinator for UMD’s National Clearinghouse for Leadership Programs and current professor at George Mason University. The chapters were primarily written by graduate students at UMD.

The UMD book is cited as being on the list, "Because we all want to have an impact and hopefully that impact will be a positive one. This book will help to show you how you can become an agent for social change while still pursuing your studies."
