A few things to pass on from the December PTP meeting for those who might not have been in attendance:

1. Amanda (Archer & Mimi’s mom) reported we have roughly $8,555 in our budget. We used $2900 for the new playground blocks (which everyone is thrilled with), pizza and babysitting for meetings, $240 for the International Picnic, $129 for the Family Reads Program and $89 for Ranger Rick’s subscription. We brought in $125 from Ledo’s Family Night Out, $110 from the Franklin’s Family Night Out, $100 from the Hard Time’s Family Night Out.

2. The next Family Night Out is Thursday, January 26 at Jason’s Deli if you can make it. Please RSVP to the link Tracy sent out if you believe you will go.

3. A reminder was given that CYC follows the PG County School system for inclement weather closures & delays. Emails will be sent out to the all CYC list, so please check your email, check the CYC Facebook page and/or call the CYC main line and the message will be updated.

4. Silent Auction will be Saturday, May 13 at Mulligan’s. The committee is still seeking donations and highly encourage everyone to attend. There will be an open bar, food and entertainment. If you have donations, they are asking for those to be in by April 1st so all materials can be updated and printed in time.

5. Tuition will be going up 5%. CYC is a self-support and needs the funds to help cover increased costs of things like benefits & insurance. There has not been an increase since the 2012-2013 school year.

6. Tracee (Lauren & Lionel’s mom) gave an update on t-shirts. A question was put out to the group as to whether we wanted one color shirt for the whole school (we could order them easily online this way) or if we wanted shirts that matched our room colors (red, green, blue, yellow, orange, purple) so people knew which rooms we belonged to. The group agreed one color was good and liked the idea / ease of ordering online.

7. The Green Committee reported that each class would receive a subscription to Ranger Rick that the PTP paid for. They also said Trash Free Tuesday was going great with only ½ of a pound of trash accumulated from last Tuesday. The Committee is also working toward renewing their Green Flag award from the National Wildlife Federation Eco-School program.

8. The next PTP meeting is Wednesday, February 15 at 5:45pm.
